KEEP  
GOING  
MOLLY

THE  
PROJECT

"This, this moment, this is what you've been waiting for. This is it. Both Molly & Emily and have worked hard to be here tonight. They've been training for this very day. They've been training and they are finally ready to answer your call."

Keep Going Molly is a 45 minute performance event which challenges notions of heroism and the impossibility of altruism. In a desperate attempt to save the world, Molly and Emily relentlessly hurl themselves around the stage, despite the looming presence of their inevitable failure.

"Tonight we are going to prove ourselves,  
Tonight we are going to show we are up to the challenge.  
All we ask is for your support, your trust and for you to believe in us."

Sitting on the edge of collapsing and being out of control, Keep Going Molly plays with fragility and disappointment, commenting on a world that in its endeavour to define a hero, are left incomplete, failing, and broken.
